

## SHALYA (SURGERY)

This is the branch which laid down a milestone in the field of **Surgery**. Over the years it has made substantial contributions in the field of **Ano-Rectal Diseases, Wound Management, Urinary Disorders** and **Fracture Healing**. Facilities includes ancient surgical procedures and clinical applications of various treatment modalities, successful treatment for **Piles** and **Fistula** as per Ayurvedic methodology, treatment of chronic diseases with **blood-letting through Leeches** and practical training of surgical procedures on patients at well-equipped operation theatre and procedure room.

Surgical Conditions Comprehensively Managed by Ayurvedic Special techniques like-

- Long standing non healing wounds are best treated by herbal preparations like kashaya (decoction), kalka (herbal paste) etc.
- Stones in the urinary tract are best managed by Ayurvedic formulations like **Paniya Kshar (herbo-mineral preparations)**
- There are special Ayurvedic techniques to minimize post-operative scar.
- **Kshara karma** which is unique of its type in treating many surgical ailments like **Corns, Warts, Piles, Keloids** etc.
- **Leech therapy** which is effectively used to treat non healing wounds like **Venous ulcer, Arterial ulcer** and **post of wounds** etc.
- **Agnikarma** which gives best results in **Calcaneal spur** etc.
- **Kshara sutra** is one of the revolutionary treatment techniques which deal with **Piles, complex Fistula in Ano** successfully.

## SHALYA SAMANYA

**Shalya Tantra** deals with the managing and treating various disorders using surgical and non-surgical procedures. In our hospital sector we have well established OPD, Minor OT and Major OT. **Kshara sutra** is used to treat abnormal growth like **Skin warts, Tumors, Keloids** etc. Patients with various abnormalities such as- **Non healing ulcers, Cysts, Varicose veins, Diabetic wound (ulcers), Keloids, Corns, Warts, Acid peptic diseases (Amlapitta)** and **Peptic ulcers** etc., frequently visit to our OPD, screening of patients are done and treated as per the need in different sectors in our hospital.

## SHALYA ANO-RECTAL

In this unit we exclusively examine and screen different diseases like **Hemorrhoids, Fistula In-Ano, Pilonidal Sinus, Fissure In-Ano, Rectal prolapse** and other such conditions under aseptic measures.

**KSHARASUTHRA UNIT:** **Kshara sutra** and **kshara karma** are minimal invasive Ayurvedic Para-surgical procedures highlighted in various **Ano-rectal disorders** in the form of Ligation and application.

This unit consists of **Kshara sutra cabinet** where the preparation of Kshar sutra is carried out.
